6. COOKIES, GOOGLE ANALYTICS AND SOCIAL PLUG-INS

SWAROVSKI uses cookies on its WEBSITE. Cookies are a widespread technique that allocates an identification to the browser of the user of a WEBSITE which the user saves and shows upon request. On the one hand, SWAROVSKI uses session cookies which are automatically erased when the user closes the WEBSITE and which enable the server to establish a stable connection to the user (so that the content of a shopping basket is not lost, for example) as long as he or she browses on the WEBSITE. On the other hand, SWAROVSKI also uses permanent cookies which are only erased after a period defined per WEBSITE. Permanent cookies allow the saving of certain settings (e.g. language) for several sessions or allow for an automated log-in. The user consents to the application of permanent cookies through the use of the WEBSITE and the respective functions (e.g. language settings and automated log-in). The user may block or delete the application of cookies on his or her browser but this activity may impair the use of the WEBSITE.

In accordance with applicable law, SWAROVSKI may install coding in newsletters and other marketing email which allow it to determine if the recipient has opened an email or downloaded pictures contained in the email. However, the recipient may block this application in his/her email application. SWAROVSKI will not disclose personal data to the operators of external websites.

The service provider may, however, monitor the use of the WEBSITE by the user and combine this data with data from other websites monitored by the same service provider which the user has visited and the service provider may use these findings for its own benefits (e.g. control of advertisement). The service provider knows the identity of the user who has registered with the service provider. In this case the processing of personal data will be the service provider's responsibility and data shall be processed pursuant to data protection and privacy laws and according to the data protection policies of the service provider (for Google see policies.google.com/privacy). In addition, SWAROVSKI may use plug-ins from social media networks such as Facebook, Twitter, Youtube, Google+, Pinterest or Instagram on its WEBSITE. In the default setting of the WEBSITE plug-ins are deactivated; the user can thus choose when to activate them. Should the user do so, the social media providers are able to establish a direct connection to the user during his or her visit on the WEBSITE, which allows the provider to be aware of the user's visit and may analyze the respective information. The subsequent processing of the personal data will be conducted in the responsibility of the social media provider pursuant to data protection and privacy laws and according to its data protection policies published on its website (such as www.facebook.com/; www.twitter.com/; www.youtube.com/; www.google.com/; www.pinterest.com/; www.instagram.com/).

Request in this respect shall be

submitted to the contact point (see para. 1 above). SWAROVSKI reserves the right to restrict the rights of the affected individual in accordance with applicable law and e.g. not to disclose comprehensive information or not to delete data.

In this case the credit rating is evaluated on the basis of information from an external credit rating agency, which will provide SWAROVSKI with a credit score of the respective CUSTOMER. The agency will calculate the score based on a secret formula based on data on the payment history of the CUSTOMER, its debt and insolvency history and possible limitations of its legal capacity. Should the score be below a certain threshold no payment by invoice will be offered. In this event the CUSTOMER may contact the contact person shown on the imprint of the respective website of the online-shop if he/she is not ready to accept the decision.

Online shops of SWAROVSKI may automatically decide whether to enter into purchase agreements. However, SWAROVSKI does not deem this an automated individual decision (according to article 22 of the GDPR).
