2.2 Purchase history and vouchers

In Be Swarovski, SWAROVSKI also saves data on Members’ purchase history in the form of items purchased (product designation, price, discount), place and time of purchase and membership number.

The purchase history is recorded if the Be Swarovski membership number is communicated at the checkout for purchases in stores participating in Be Swarovski. The participating stores in Be Swarovski comprise stores operated by SWAROVSKI itself, with the exception of outlet stores, duty free stores and some partner stores. Certain mono-brand stores operated by SWAROVSKI sales partners and other authorized specialist dealers as well as the SWAROVSKI online store (www.swarovski.com) also participate in Be Swarovski.

In the online store, Members' purchase history is recorded, if the membership number is quoted when making a purchase or the Member makes a purchase when logged into an online account associated with a Be Swarovski membership.

At the start of their membership, Members receive a message via text message or any other appropriate communication means chosen by SWAROVSKI containing a link to an overview of all currently participating stores in Be Swarovski. This overview of participating stores is also available to view online at swarovski.com/beswarovski.
